Detailed technical data

Technical specifications

Connection type head A	Male connector, Micro D-Sub, 15-pin, angled				
Connection type head B	Female connector, M12, 8-pin, straight, A-coded				
Connection type head C	Female connector, M12, 8-pin, straight, A-coded				
Locking plug connector	Screw connection				
Connecting cable	1 m, for details see dimensional drawings, PVC and PP				
Cable material	PVC and PP				
Cable color	Black				
Conductor cross section	AWG28, AWG26				
Cable diameter	6.6 mm, 6.2 mm				
Housing material	Plastic/metal				
Housing color	Black				
Locking nut material	Steel				
Width across flats	Slot				
Shielding	Shielded				
Note	The connection cable is designed for the use of sine-cosine encoders. If other encoders are used, other protective measures must be taken in the event of cable breakage or a male connector coming loose.				
Bending radius	<table border="0"> <tr> <td style="padding-right: 20px;">Flexible use</td> <td>> 10 x cable diameter</td> </tr> <tr> <td>Stationary position</td> <td>> 5 x cable diameter</td> </tr> </table>	Flexible use	> 10 x cable diameter	Stationary position	> 5 x cable diameter
Flexible use	> 10 x cable diameter				
Stationary position	> 5 x cable diameter				
Operating temperature	-25 °C ... +80 °C, stationary position -10 °C ... +80 °C, flexible use				
Description	Y-cable to connect a Flexi Soft Motion Control Module FX3-MOC with two encoders (HTL, TTL, Sin/Cos, SSI).

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
