### Detailed technical data

#### Safety-related parameters

<b>MTTF<sub>D</sub> (mean time to dangerous failure)</b>	123 years <sup>1)</sup>
--	-------------------------

<sup>1)</sup> This product is a standard product and does not constitute a safety component as defined in the Machinery Directive. Calculation based on nominal load of components, average ambient temperature 40°C, frequency of use 8760 h/a. All electronic failures are considered hazardous. For more information, see document no. 8015532.

#### Performance

<b>Linearity</b>	≤ 0.03% F.S. (Minimum 90 μm) <sup>1) 2)</sup>
<b>Repeatability</b>	≤ ± 20 μm
<b>Measured values</b>	Positioning
<b>Measuring range</b>	0 mm ... 120 mm
<b>Unusable range</b>	
	Null zone 55 mm
	Damping zone 63 mm
<b>Magnet type</b>	
	Magnet shape Small block magnet
	Configured for number of magnets 1 piece
<b>Magnet travel speed</b>	Any
<b>Measuring frequency (internal)</b>	< 2 ms

<sup>1)</sup> Systematic position measurement deviation according to DIN ISO 1319-1 (value includes all systematic errors or deviations from the actual position value, e.g. repeatability and hysteresis).

<sup>2)</sup> In principle, the size of the measurement deviation is limited by the resolution of the interface.

#### Interfaces

<b>Communication interface</b>	Analog
<b>Communication Interface detail</b>	Current
<b>Output signal</b>	4 mA ... 20 mA
<b>Signals</b>	
	Number of signals One output signal
	Sequence of signals Rising
<b>Load resistance</b>	100 Ω ... 500 Ω

## Electronics

<b>Connection type</b>	Male connector, M12, 5-pin
<b>Pinouts</b>	1=+24 V DC; 2=Signal 1; 3=Power ground; 4=N.C.; 5=Output signal ground (0 V)
<b>Male connector coding</b>	A-coded
<b>Supply voltage</b>	24 V DC (± 20%)
<b>Current consumption</b>	50...100 mA
<b>Reverse polarity protection</b>	Up to -30 V DC
<b>Residual ripple</b>	≤ 0.28 V <sub>pp</sub>
<b>Dielectric strength</b>	500 V DC, 0 V against housing
<b>Over voltage protection</b>	≤ 36 V DC

## Mechanics

<b>Mechanical design</b>	DAX Low Profile
<b>Material</b>	
Housing	Aluminum (anodised), zinc, stainless steel, brass
Mounting bracket	Stainless steel 1.4301

## Ambient data

<b>EMC</b>	According to EN 61000-6-2 and EN 61000-6-4
<b>Enclosure rating</b>	IP65 / IP67 <sup>1)</sup>
<b>Temperature</b>	
Operating temperature range	-40 °C ... +85 °C
Storage temperature range	-40 °C ... +85 °C
<b>Permissible relative humidity</b>	90 % (Condensation not permitted)
<b>Resistance to shocks</b>	100 g, 6 ms (IEC 60068-2-27)
<b>Resistance to vibration</b>	8 g / 10...2,000 Hz according to IEC 60068-2-6 <sup>2)</sup>

<sup>1)</sup> In correctly assembled mating connector.

<sup>2)</sup> Resonance frequencies can influence signal quality.

## General notes

<b>Items supplied</b>	
	Mounting brackets and position magnet included. Mounting material for base not included.

## Certificates

<b>EU declaration of conformity</b>	✓
<b>UK declaration of conformity</b>	✓
<b>ACMA declaration of conformity</b>	✓
<b>Moroccan declaration of conformity</b>	✓
<b>China RoHS</b>	✓
<b>cULus certificate</b>	✓
<b>Information according to Art. 3 of Data Act (Regulation EU 2023/2854)</b>	✓

## Classifications

<b>ECLASS 5.0</b>	27270705

## SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
