### Detailed technical data

#### Features

Accessory group	Mounting systems
Accessory family	Brackets
Suitable for	CLV69x
Material	Stainless steel
Description	The mounting bracket with integrated vibration/shock damping for mounting a CLV69x scanner with oscillating mirror, for example on a manned forklift truck.
Vibration resistance	10 Hz ... 1,000 Hz, 3.38 g RMS, Test duration 8 h/Z-axis (according to 60068-2-64) in conjunction with CLV69x
Shock resistance	50 g, 11 ms, Number of shocks: ± 3 in the Z-axis (according to EN 60068-2-27) in conjunction with CLV69x 25 g, 6 ms, Number of shocks: ± 1,000 in the Z-axis (according to EN 60068-2-27) in conjunction with CLV69x
Mounting system type	Brackets

## SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

**For us, that is “Sensor Intelligence.”**
