Detailed technical data

Technical specifications

Connection type head A	Male connector, Micro D-Sub, 15-pin, angled
Connection type head B	Female connector, M12, 8-pin, straight, A-coded
Connection type head C	Female connector, M12, 8-pin, straight, A-coded
Locking plug connector	Screw connection
Connecting cable	0.5 m, for details see dimensional drawings, PVC and PP
Cable material	PVC and PP
Cable color	Black
Conductor cross section	AWG28, AWG26
Cable diameter	6.6 mm, 6.2 mm
Housing material	Plastic/metal
Housing color	Black
Locking nut material	Steel
Width across flats	Slot
Shielding	Shielded
Bending radius	
Flexible use	> 10 x cable diameter
Stationary position	> 5 x cable diameter
Operating temperature	–25 °C ... +80 °C, stationary position –10 °C ... +80 °C, flexible use
Description	Y-cable for connecting a Flexi Soft FX3-MOC motion control module with two encoders (HTL, TTL, Sin/Cos, SSI).

Certificates

EU declaration of conformity	✓
UK declaration of conformity	✓

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
