Configuration Comparison Re-Import - Single License 5

ORDERING INFORMATION

Type	part no.
Configuration Comparison Re-Import - Single License 5	1143251

Further device versions and accessories at www.sick.com/Safety_Designer

DETAILED TECHNICAL DATA

FEATURES

Software category	Premium function
Designation	Configuration Comparison Re-Import
Description	The Safety Designer makes it possible to compare two configuration files with each other so that safety-relevant changes can be tracked more easily. This reduces the verification effort. The Configuration Comparison Re-Import premium function makes it possible to import a modified configuration into the master project after successful verification.
Supported products	microScan3 nanoScan3 outdoorScan3

SYSTEM REQUIREMENTS

Additional software	Safety Designer (software for configuring and diagnosing safety solutions from SICK AG)

LICENSES

Product type	Software
License type	Single license
Function range	Full version
Fee-based	Yes
License period	The usage rights granted above are perpetual.
No. of licenses	5
Number of usage units	Unlimited

SICK AT A GLANCE

SICK is a leading global technology company for intelligent sensors and integrated solutions in industrial automation. Our technologies set benchmarks, making your industrial processes more efficient, safer and more sustainable – both in logistics and manufacturing operations.

SICK combines sensor intelligence with industry expertise and certified consulting services. We provide the ideal foundation for scalable as well as tailor-made automation solutions and create added value along the entire value chain. Our close partnerships with our customers are more than just a promise: Together, we optimize productivity, improve quality, protect health and safety, and help build a sustainable future. All with empathy and trust.

Since 1946, we have been developing innovative technologies with passion and a pioneering spirit. With a global network in around 40 countries, SICK has a global presence and is always close by. The company's headquarters are located in Waldkirch near Freiburg, Germany. Our customers benefit from our understanding of both local and global requirements, which enables us to deliver tailor-made solutions
