ENGINEERING AND INTEGRATION

Initial verification of multi-dimensional measuring systems

ORDERING INFORMATION

Type	part no.
Initial verification of multi-dimensional measuring systems	On request

Further device versions and accessories at www.sick.com/Initial_verification

DETAILED TECHNICAL DATA

FEATURES

Product area	VMS4x00/5x00
Prerequisites	SICK system is easily accessible without tools Availability of the plant for the duration of the service
Range of services	MID-compliant initial verification by an authorized SICK service technician Execution of EU declaration of conformity on the basis of the EU-type examination certificate and MID module D (Quality assurance of the production process) Metrological tests carried out System protected against manipulation by attaching the prescribed labels and securing elements Testing documentation produced and handover of EU declaration of conformity
Documentation	Test documentation Conformity documents
Duration	Approx. 3-4 h
Note	The functional and metrological properties comply with the specifications of the EU type-examination certification

Further information as well as suitable accessories, example applications and downloads such as CAD dimensional models, operating instructions and software can be found at www.sick.com/Initial verification

SICK AT A GLANCE

SICK is a leading global technology company for intelligent sensors and integrated solutions in industrial automation. Our technologies set benchmarks, making your industrial processes more efficient, safer and more sustainable – both in logistics and manufacturing operations.

SICK combines sensor intelligence with industry expertise and certified consulting services. We provide the ideal foundation for scalable as well as tailor-made automation solutions and create added value along the entire value chain. Our close partnerships with our customers are more than just a promise: Together, we optimize productivity, improve quality, protect health and safety, and help build a sustainable future. All with empathy and trust.

Since 1946, we have been developing innovative technologies with passion and a pioneering spirit. With a global network in around 40 countries, SICK has a global presence and is always close by. The company's headquarters are located in Waldkirch near Freiburg, Germany. Our customers benefit from our understanding of both local and global requirements, which enables us to deliver tailor-made solutions
