Other models and accessories → www.sick.com/SICK_Augmented_Reality_Assistant

Detailed technical data

Features

Description	This license supplements the SARA Starter Package with additional functions relating to LiDAR devices. This license allows, for example, the visualization of monitored areas, and object detection in the protective field. It is valid for one year and has to be purchased again after expiry.
Supported products	microScan3 nanoScan3 outdoorScan3 TiM LMS5xx

Licenses

Product type	Software
License type	Floating license
License description	The license is used as an extension license. One LiDAR license allows an arbitrary number of LiDAR devices to be connected.
Fee-based	Yes
License period	The license is valid for 365 days from activation.
Provision	The license is sold with a ticket that you receive in an e-mail. For use on a specific SICK device, you must activate the license at license.sick.com .

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
