Additional services ➜ www.sick.com/Extended_warranty

Product description

The extended warranty offers long-term protection of SICK products for a calculable lump sum. Customers profit above and beyond the standard warranty and protect their investment from unexpected repair costs in the long run. The warranty is extended to a total period of up to five years from the date of purchase. This includes free repairs or free exchange of the product in the event of a warranty case.

At a glance

- Extension of the warranty to a total period of five years
- Services correspond to the scope of the manufacturer warranty
- Calculable lump sum when purchasing the product

Your benefits

- Protection from unexpected repair costs even after the statutory warranty has expired
- Free repairs or exchange of the device in the event of a warranty case
- Value preservation of your plant or system since it is transferable to the next owner and valid all over the world
-

Detailed technical data

Features

Product segment	SICK LifeTime Services
Product subsegment	Product and system support
Product area	Machine vision LiDAR sensors Safety camera sensors Safety laser scanners Safety radar sensors Radar sensors Fixed mount barcode scanners Image-based code readers RFID Mobile handheld scanners
