Detailed technical data

Features

Description	The 3D Belt Pick license allows the 3D Belt Pick SensorApp to be used in production when installed on supported SICK products.
Task	Localizing, navigating and guiding - Guiding Determining position - 3D position determination
Task	3D object localization on production lines
Technology	3D laser triangulation
Operator interfaces	Web-Interface
Language	English
Documentation	In-app documentation
Supported products	TriSpectorP1000 SIM1012 SIM2x00 SICK AppEngine

System requirements

Minimum screen resolution	1,280 px x 1,024 px
Supported browsers	Google Chrome
Installation tool	SICK AppManager

Licenses

Product type	Software
License type	Device license
Fee-based	Yes
License period	The license is issued without a time limit.

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is "Sensor Intelligence."
