

## List of accredited activities conducted under the flexible scope

The Corporate EMC Test Center is accredited by the German National Accreditation Body DAkkS according to DIN EN ISO/IEC 17025:2018 as test lab in the field of Electromagnetic Compatibility.

The annex to the certificate of accreditation is available at the DAkkS website at <https://www.dakks.de/en/accredited-body.html?id=D-PL-20745-03-00>

At the time of publication of this document, the test and measurement methods listed in the annex of this document are considered as accredited methods within the scope of the flexible accreditation.

Note: The Corporate EMC Test Center is an internal service provider of SICK AG.  
No tests are offered for external customers.

Head of the Corporate EMC Test Center
